

Inform Systems Consultancy

Estate Management

Control your estate more effectively, generating comprehensive savings at NO COST and NO UP FRONT FEES

Reduce your annual expenditure by upto

30%

I would like to introduce you to 'Inform Systems'. We are a unique business offering you a truly dynamic method for controlling your estate. This has become possible with a brand new piece of Software (designed & built in house and tested for nearly 5 years) which acts as an impressive tool for both the Client and their contractors.

This new facility offers the ability for 'Transparent' trading and also the guarantee of substantial savings on previous spend.

The system is driven by our consultants who have an in depth knowledge of this complex workstream :

Inform is a new concept offering the following services to large end users :

- Tender preparation and analysis for products and services
- E-Auction setup and execution
- Post Tender contractor negotiations
- Contract Cost & Budget Control
- Full Estate management
- Total Transparent Web Based systems
- Benchmarking technology
- Cost base reductions of between 10 & 30% guaranteed
- Comprehensive Call Centre
- No up-Front Fees
- Cashbacks of 2 ½% on previous years spend
